INTRODUCTION

Welcome to Seminole County Public Schools of Florida. The District School Board and Superintendent are proud of the positive learning environment and general tone of good discipline that exist in the public schools of Seminole County. These have been achieved through a cooperative effort among students, school district personnel, and parents to establish and orderly and purposeful educational atmosphere.

DEFINITIONS:

1. The term “parent” wherever used in this document shall include a student’s parent or parents, legal guardian, legal custodian, or adult recognized by the student’s school as acting “in loco parentis.”
2. The term “Superintendent” shall include the Superintendent’s designees including assistant superintendents, principals, assistant principals, and/or deans as is appropriate within the context of the provision.

The *Student Conduct and Discipline Code* is published to communicate the expectations of the School Board for students’ behavior in grades K-12 and to summarize the policies of the Seminole County Public Schools related to the management of student conduct. Accordingly, this handbook:

1. defines the **responsibilities** and **rights** of students;
2. defines the **rules of conduct** and **behavioral expectations** for students;
3. establishes the **consequences for violations** of the rules of conduct; and
4. describes the **procedures for processing disciplinary violations**.

The *Student Conduct and Discipline Code* is published once a year and may not contain subsequent changes in policy or procedure. When a policy or procedure is revised, the change will be communicated through school newsletters or other means of communication, at which time the published revision shall replace previous information. For the most current policy or procedure information, visit the Seminole County Public Schools’ website: www.secps.k12.fl.us.

SAFETY AND SECURITY

Maintaining a safe and secure environment is the primary priority of the School Board or Seminole County, Florida. It is the belief of the School Board that all students have the right to attend school and school functions free of fear, harm, or harassment. The policies and procedures outlined in the *Student Conduct and Discipline Code* have been adopted in support of this fundamental premise.

Please note that the School Board cooperates with federal, state, and local law enforcement agencies in reporting, preventing, and responding to unlawful activities occurring on the campuses of Seminole County Public Schools.

In order for the School Board to implement its responsibilities fully, it is important that enrollment and emergency card information be kept up to date at each student’s school. It is the responsibility of each student and his or her parent to report changes in enrollment or emergency card information to the school.

Video cameras have been installed throughout the buildings of Seminole County Public School campuses. Students may be filmed, and the videotapes may be used to determine violations of the Student Conduct and Discipline Code.

SCOPE OF AUTHORITY

The *Student Conduct and Discipline Code* applies to all students enrolled in a Seminole County public school. The code is in effect on School Board owned or controlled property and whenever students are under the official supervision of School Board employees, including, but not limited to: field trips, extracurricular activities, or while being transported to and from such places either by school bus, approved drivers, or other official means of conveyance.

A student may be subject to school board authorized disciplinary sanctions when he or she commits an act or acts away and apart from school that can be shown to pose a threat or danger to the safety of other students, staff, or school property and/or that the act or acts will prevent the orderly delivery of the instructional program at any school.

STUDENTS SUBJECT TO AUTHORITY BY SCHOOL PERSONNEL

Florida Statute 1003.31 establishes that all students enrolled in the Seminole County Public Schools are subject to the law, rules, regulations, and policies of the State of Florida and the School Board of Seminole County, Florida, anytime:

1. a student is on School Board owned property;
2. a student is attending school;
3. a student is on a school bus;
4. a student is being transported to or from school or school-sponsored events; or
5. a student is in attendance at or participating in a school-sponsored activity.

School personnel have the right to question students concerning school matters without notice to or consent of the student's parent(s) or legal guardian.

During such times, all students are subject to the immediate control and direction of district and school level administrators, deans, supervising teachers, or other adults (such as chaperones), staff members, and school bus drivers.

STUDENT DETENTION, SEARCH, AND SEIZURE

Except as otherwise permitted herein (student vehicle parking) students may be detained, searched, and property seized as permitted by School Board Policy 5771. Neither Florida law nor School Board policy prohibits the use of metal detectors or specially trained animals in the course of a search for illegally possessed substances or objects. Additionally, the random administrative searches and screenings contemplated under policy 8405 and the related administrative procedure are not subject to or impacted by the language as contained in policy 5771. Policy 5771 provides as follows:

The School Board recognizes that the privacy of students or their belongings may not be violated by unreasonable search and seizure and directs that no student be searched without reasonable suspicion or in an unreasonable manner.

The Board acknowledges that the need for in-school storage of student possessions and shall provide storage places, including desks and lockers, for that purpose. Such spaces remain the property of the Board and, in accordance with law, may be the subject of search upon reasonable suspicion that a prohibited or illegally possessed substance or object is contained therein. Where locks are provided for such places, students may lock them against incursion by other students, but in no such places shall students have such an expectation of privacy as to prevent examination by a school official.

School authorities are charged with the responsibility of safeguarding the safety and well-being of the students in their care. In the discharge of that responsibility, school authorities may search the person or property, including vehicles, of a student, with or without the student's consent, whenever they reasonably suspect that the search is required to discover evidence of a violation of law or of school rules. The extent of the search will be governed by, but not limited to, the training and experience of the school authority; their personal observation; the reliability of informant information; previous experiences with the student to be searched, the knowledge of the student's age, reputation, and discipline record; the prevalence and/or seriousness of the suspected violation of the law or the Student Conduct and Discipline Code, and the urgency to protect the health and safety of students, school personnel, and others. This authorization to search shall also apply to all situations in which the student is under the jurisdiction of the Board.

Search of a student's person or intimate personal belongings shall be conducted by a person of the student's gender, in the presence of another staff member of the same gender, and only in exceptional circumstances when the health or safety of the student or of others is immediately threatened.

The Board also authorizes the use of canines, trained in detecting the presence of drugs or devices. This means of detection shall be used only to determine the presence of drugs in locker areas and other places on school property where such substances could be concealed. Canine detection must be conducted in collaboration with

law enforcement authorities or with organizations certified in canine detection and is not to be used to search individual students unless a warrant has been obtained prior to the search.

Except as provided below, a request for the search of a student or a student's possessions will be directed to the Principal who shall seek the freely offered consent of the student to the inspection. Whenever possible, a search will be conducted by the Principal in the presence of the student and a staff member other than the Principal. A search prompted by the reasonable belief that health and safety are immediately threatened will be conducted with as much speed and dispatch as may be required to protect persons and property.

The principal shall be responsible for the prompt recording in writing of each student search, including the reasons for the search; information received that established the need for the search and the name of informant, if any; the persons present when the search was conducted; any substances or objects found; and the disposition made of them. The Principal shall be responsible for the custody, control, and disposition of any illegal or dangerous substance or object taken from a student.

AUTHORITY OF THE TEACHER

Florida Statute 1003.32 vests teachers and other school staff members with the authority for the control and discipline of students on a school campus and in other places they are assigned to supervise students. Students are **required** to follow the lawful directions of all district or school level administrators, teachers, school staff members, and chaperones when on School Board owned property or at other places where they are under the supervision of School Board personnel.

Teachers shall make every reasonable effort to control classroom disruptions or misbehavior by students. However, if a disruption or misbehavior persists, or if the disruption is severe, the teacher shall direct the student to an appropriate administrator with a description of the offense written on a **referral form** provided by the administration.

Note: Florida statute 1003.32 and State Board Rule 6A-1.0404, and 6A-6.03312 authorize teachers and other school or district personnel to file charges against a student if a crime has been committed against a teacher or other instructional personnel on school property, on school-sponsored transportation, or during school-sponsored activities.

Note: Florida statute 1003.32(4) authorizes teachers to remove a student who is unruly, disruptive, or abusive, or who repeatedly interferes with the teacher's ability to communicate with the class or the ability of the student's classmates to learn in accordance with the provisions of 1003.32(5) & (6).

REASONABLE FORCE

Florida Statute 1003.32(1)(J) authorizes teachers and other instructional personnel to use reasonable force to protect himself/herself or others from injury. The Department of Education has defined reasonable force as, "appropriate professional conduct including physical force as necessary to maintain a safe and orderly environment." The Department of Education has also clarified that school personnel have the right and the authority to protect against:

1. conditions harmful to learning;
2. conditions harmful to student's physical and mental health;
3. conditions harmful to safety; or
4. conditions harmful, causing injury to self, school personnel, and others.

Note: Florida statute 1006.11(2) further provides that a principal, teacher, other staff members, or bus driver shall not be civilly liable for any action carried out in conformity with School Board rules regarding the control, discipline, suspension, and expulsion of students, except in the case of excessive force, or cruel and unusual punishment.

TITLE IX OVERVIEW

Pursuant to Title IX, of the Education Amendments Act of 1972 and its implementing regulations, no person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under and education program or activity receiving federal financial assistance.

SCPS Board Policy 2266 – NONDISCRIMINATION ON THE BASIS OF SEX IN EDUCATION PROGRAMS AND ACTIVITIES

Pursuant to its Title IX obligations, the Board is committed to eliminating Sexual Harassment and will take appropriate action when an individual is determined responsible for violating this policy. Board employees, students, third-party vendors and contractors, guests, and other members of the School District community who commit Sexual Harassment are subject to the full range of disciplinary sanctions set forth in this policy. The Board will provide persons who have experienced Sexual Harassment ongoing remedies as reasonably necessary to restore or preserve access to the District’s education programs and activities.

Not all behavior involving sexual connotations constitute sexual harassment unless it meets the Federal Title IX definitions. Title IX implementing regulations in the U.S. Department of Education's Office for Civil Rights define "sexual harassment" as conduct on the basis of sex that satisfies one or more of the following:

- A. A Board employee conditioning the provision of an aid, benefit, or service of the District on an individual's participation in unwelcome sexual conduct (often called Quid Pro Quo);
- B. Unwelcome conduct, on the basis of sex, determined by a reasonable person to be so severe, AND pervasive, AND objectively offensive that it effectively denies a person equal access to the District's education program or activity;
- C. "Sexual assault" which means a sexual act as defined in 20 U.S.C. 1092(f)(6)A(v) directed against a Complainant, without consent of the Complainant, including instances where the Complainant is incapable of giving consent;
- D. "Dating violence" as defined in 34 U.S.C. 12291(a)(10);
- E. "Domestic violence" as defined in 34 U.S.C. 12291(a)(8); which means a felony or misdemeanor crime of violence committed by a current or former spouse or intimate partner of the Complainant; by a person with whom the Complainant shares a child in common; by a person who is cohabitating with, or has cohabitated with, the Complainant as a spouse or intimate partner; by a person similarly situated to a spouse of the Complainant under the domestic or family violence laws of Florida; by any other person against an adult or youth Complainant who is protected from that person's acts under domestic violence or family violence laws of Florida;
- F. "Stalking" as defined in 34 U.S.C. 12291(a)(30); Which means engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for the person's safety or the safety of others or suffer substantial emotional distress;

The Board prohibits sexual harassment that occurs within its education programs and activities, including all academic, educational, extracurricular, athletic, and other District programs, whether they occur in a school or at an off-campus event the District sponsors. When the District has actual knowledge and sexual harassment in its education program or activity against a person in the United States, it shall promptly respond in a manner that is not deliberately indifferent.

Details on SCPS' Title IX grievance process are contained in Board Policy 2266 -**NONDISCRIMINATION ON THE BASIS OF SEX IN EDUCATION PROGRAMS AND ACTIVITIES**, which may be accessed here: <https://go.boarddocs.com/fl/semi/Board.nsf/Public>

DISTRICT NO CONTACT CONTRACT

A no contact contract is a written acknowledgement by a student that the student will refrain from direct or indirect contact with another student(s) while on campus, except as may be necessary for academic pursuits. A no contact contract may be imposed on one or more students for any disciplinary infraction involving multiple students. A no contact contract may also be imposed when there has been no disciplinary violation proven if in staff's opinion a no contact contract will mitigate the potential for future problematic interactions between two or more students and assist in maintaining order on campus. Violations of no contact contracts may lead to further disciplinary consequences.

TEEN DATING VIOLENCE

It is the policy of the Seminole County School Board that all of its students have an educational setting that is safe, secure, and free from dating violence or abuse of any kind. The School Board will not tolerate teen dating violence or abuse in any form. Consistent with the intent and requirements of section 1006.148, Florida statutes, dating violence by any student is prohibited.

Dating violence means violence between students who presently have, or have had, a continuing and significant relationship of a romantic or intimate nature. Violence is any assault, aggravated assault, battery, aggravated battery, sexual assault, sexual battery, stalking, aggravated stalking, kidnapping, or false imprisonment, or any criminal offense resulting in physical injury or death by a student against any other student. Additionally, these include insults coercion, social sabotage, sexual harassment, stalking, threats, and/or acts of physical or sexual abuse, abuse, harassment, and stalking via electronic devices such as cell phones and computers, and harassment through a third party, which may be physical, mental, or both.

The Seminole County School Board requires that students conduct themselves appropriately for their respective level of development, maturity, and demonstrated capabilities with a proper regard for the rights and welfare of other students as set forth in School Board policies.

JUDICIAL “NO CONTACT” ORDERS

The Department of Juvenile Justice will report to the school district all court orders in which a Seminole County student is mandated by the Department of Juvenile Justice to have “no contact” with his or her victim or victim’s family members.

Upon notification by the DJJ Transition Contact, the principal or designee of the school, in conjunction with the level assistant superintendent, will determine if measures can be taken within the existing school of attendance to ensure that the “no contact” order can be followed. If the principal or designee and the assistant superintendent feels the order cannot be accommodated, the assistant superintendent will determine how the order will be enforced.

A “no contact” order may be issued by a circuit judge at or before the time of adjudication, withholding of adjunction, or plea of guilty or nolo contendere for the following offenses: homicide, assault, battery, culpable negligence, kidnapping, false imprisonment, luring or enticing a child custody offenses, sexual battery, lewdness and indecent exposure, abuse of children, robbery, by sudden snatching, carjacking, or home-invasion/robbery. (F.S. 1006.13)

SAFE HARBOR PROVISION

A student may approach a school official or contracted personnel and turn in an object which is not allowed by the Student Conduct and Discipline Code. Unless an investigation by school officials regarding the possession of an object that is not allowed by the Student Conduct and Discipline Code has already begun, a student who approaches a school official and voluntarily turns in the object, will not receive discipline. An investigation is deemed to have begun when a school official or contracted personnel becomes aware of the object that is not allowed by the Student Conduct and Discipline Code. If applicable, the school will make arrangements with the student’s parent/guardian to pick up the object from the school.

If a student discovers illegal objects such as drugs, weapons, or other contraband on school property, including on a school bus, the student may approach a school official or contracted personnel and report the discovery. A student will not be held in violation of the Student Conduct and Discipline Code by making such a report. School officials shall adhere to policies and procedures concerning further investigation of the report.

Notwithstanding, the Safe Harbor provisions of this section, Law enforcement may be contacted for specific offenses, which may include, but are not limited to, firearms, drugs, and explosive devices. Objects not allowed by the Student Conduct and Discipline Code that re discovered during a random search are not protected by the Safe Harbor provisions set forth in this section.

SCHOOL ENVIRONMENTAL SAFETY INCIDENT REPORTING (SESIR)

The School Environmental Safety Incident Reporting (SESIR) System collects data on specific incidents of crime, violence, and disruptive behaviors. These incidents occur on school grounds, at off-campus, school-sponsored events, on school transportation, or off campus where the incident is accomplished through electronic means, if the incident substantially disrupts the educational process or orderly operation of a school. SESIR

incidents occur 24 hours a day, 365 days per year. School districts are required to provide data relating to SESIR incidents to the Department of Education. SESIR incidents relate to:

Aggravated Battery	Fighting	Sexual Battery (Rape)
Alcohol	Grand Theft (\$750)	Sexual Harassment
Arson	Harassment	Sexual Offenses – Other
Burglary	Hazing	Simple Battery
Bullying	Homicide	Threat/Intimidation
Criminal Mischief (\$1,000)	Kidnapping	Tobacco
Disruption on Campus-Major	Other Major Incidents	Trespassing
Drug Sale or Distribution	Robbery	Weapons Possession
Drug Use or Possession	Sexual Assault	

SESIR incidents must be reported regardless of whether:

1. The incident was carried out by a student, a person other than a student, school personnel, or where the person who carried out the incident is unknown;
2. The victim of the incident is a student, a person other than a student, school personnel, or where the victim is unknown;
3. The incident occurred when school was in session or not. SESIR incidents occur 365 days a year at any time of the day or night; or

DEFINITIONS OF INFRACTIONS AND MISCONDUCT

Student conduct, which is considered to be a violation of the *Student Conduct and Discipline Code*, is defined and described in this section of the handbook. When a student has committed an infraction, the misbehavior is to be classified according to the definition that best describes it [(S) indicates a SESIR violation]. The sanctions to be imposed are then to be determined by referring to the *Matrix of Infractions and Consequences*. Students who commit a SESIR infraction as outlined in the Student Conduct and Discipline Code may be assigned to the Eugene Gregory Memorial Youth Academy.

Aggression – Engaging in any behavior (by word or act) as an individual or as a member of a group or crowd that encourages, incites, or instigates threatening, aggressive, or unsafe acts, or participating as a member of a group or crowd in aggressive or unsafe acts.

<p>Note: School administrators should refer to the Seminole County Discipline Procedures Manual for reporting requirements.</p>
--

VIOLATIONS OF LAW

Students are subject to arrest and prosecution for committing violations of the *Student Conduct and Discipline Code*, which are also determined to be violations of law. School resource officers and other law enforcement officers have the power and authority to conduct investigations independent of those conducted by school personnel for the same offense. Furthermore, the sanctions imposed by the school district for misconduct are separate and distinct from the consequences that may be imposed following the arrest and prosecution of a student for a violation of the law originating from the same offense. School personnel will make every effort to contact parents when a student is arrested.

ZERO TOLERANCE

The School Board has zero tolerance for conduct that poses a threat to school safety. Zero tolerance policies must apply equally to all students and are not intended to be rigorously applied to petty acts of misconduct.

Recommendation for Expulsion Required: Students who are determined by the School Board to have committed one of the following violations as defined by Florida law or this code while on School Board owned, operated, or maintained property (including a school bus or other school or School Board vehicle, or while at a school/School Board sponsored activity (whether on or off a school site, or School Board owned, operated, or maintained property).

- (a) Shall be **recommended for** expulsion from all Seminole County public schools for not less than one year:

- 1) Bringing or possessing a firearm or weapon, as defined in Chapter 790 Fla. Stat., to school, to any school function, or onto any school-sponsored transportation.

Note: For the purposes of zero tolerance, “weapon” means any dirk, knife, metallic knuckles, slingshot, billy club, tear gas gun, electronic weapon or device (taser), chemical weapon or device, or other deadly weapon except a common pocketknife, plastic knife or blunt-bladed table knife.

“Firearm” means any weapon (including starter gun) which will, is designed to, or may readily be converted to expel a projectile by the action of an explosive; the frame or receiver of any such weapon; any firearm muffler or silencer; any destructive device; or any machine gun. The term firearm does not include an antique firearm unless the antique firearm is used in the commission of a crime.

- 2) Making a threat or false report, as defined by ss. 790.162 and 790.163, respectively, involving a school or school personnel’s property, school transportation, or a school sponsored activity.

Upon recommendation by the Superintendent, the School Board may assign students who are determined to have committed any of the above offenses to an alternative assignment under such terms and conditions as determined by the School Board in lieu of expulsion. If a student committing any zero tolerance offenses is a student who has a disability, the School Board shall comply with applicable State Board of Education rules.

Any student found to have committed a violation of SS. 784.011(1), (2), or (3) shall be expelled or shall be placed in the district alternative school or other alternative program as deemed appropriate. Upon being charged with an offence under SS. 784.011(1), (2), or (3), the student shall be immediately removed from his or her school of regular attendance and placed in the district alternative school, or other alternative program as deemed appropriate and as required by SS.1006.13(4).

- (a) possession of firearms or other weapons
- (b) placing, discharging, or throwing an explosive item or noxious substance or making threats to do so
- (c) arson
- (d) felony assault
- (e) threats of unsafe and potentially harmful, dangerous, violent, or criminal activities

Petty Act of Misconduct Defined: Petty acts of misconduct that are not a threat to school safety do not require consultation with law enforcement. The following are typically considered petty acts of misconduct, although each act must be examined on a case-by-case basis to determine whether or not the act constitutes a threat to school safety requiring consultation with law enforcement:

- (a) disorderly conduct
- (b) disrupting a school function
- (c) simple assault or battery
- (d) verbal abuse or use of profanity
- (e) cheating
- (f) theft of less than \$300, trespassing, and vandalism of less than \$1,000
- (g) possession or use of tobacco
- (h) any other active deemed as petty misconduct by the Superintendent or his designee

Review of Disciplinary Action Imposed: Each student has the opportunity for a review of the disciplinary action imposed. Please turn to the Involuntary Transfer of Students section on page 17 for those procedures. Please turn to the Expulsion section beginning on page 24 for those procedures.

Reporting to Law Enforcement: The District shall enter into agreements with local law enforcement specifying procedures so that acts that pose a threat to school safety, whether committed by a student or adult, are reported to a law enforcement agency having jurisdiction.

Threat Assessment Team Consultation: Pursuant to 1006.13(2)(f), Fla. Stat. the threat assessment team is required to consult with law enforcement when a student exhibits a pattern of behavior, based upon previous acts or the severity of an act, that would pose a threat to school safety.

Minimization of Victimization: The principal shall notify all school personnel as to their responsibility regarding incident reporting, that acts which pose a threat to school safety, and crimes are properly reported to the principal, and that the disposition of the incident is properly documented.

TOBACCO VIOLATIONS AND CIVIL PENALTIES

Florida statute 569.12 authorizes school officials to be designated as Tobacco Product Enforcement Officers and authorizes them to issue civil citations that are filed with the Clerk of the Court for the Circuit Court of the 18th Judicial Circuit in Seminole County, Florida. Students found to be guilty of a tobacco violation (FS 386.212 or FS 569.11) are subject to penalties that include monetary fines, community service, and revocation of driving privileges in addition to discipline sanctions as provided by this code.

SUSPENSION OR DELAY OF DRIVING PRIVILEGES

Florida law authorizes the *Department of Highway Safety and Motor Vehicles* to suspend the driver's license or delay the issuance of a driver's license to anyone if they:

1. are convicted of the possession sale for conspiracy to possess a controlled substance (FS 322.055).
2. are less than 21 years of age and misrepresent his/her age or the age of any other person for the purpose of obtaining alcoholic beverages (FS 322.069).
3. are less than 21 years of age and are in possession of alcoholic beverages. (FS 322.069).
4. are less than 21 years of age and misrepresent his/her age with the purpose of obtaining tobacco products and failed to complete the penalties imposed by the court (FS 322.069).
5. are less than 21 years of age and are in possession of tobacco or smoking tobacco on school property or within 1,000 ft. of a public school and fail to complete the penalties imposed by the court (FS 322.069).
6. are less than 18 years of age and accumulate 15 unexcused absences in any 90-day period during the school year (FS 322.091).
7. are less than 18 years of age and drop out of school. (FS 322.091).
8. are expelled from public school (FS 322.091) and not otherwise in attendance as required by law.

STUDENT ATTENDANCE

Regular attendance provides students the opportunity to acquire specific skills and meet course goals and objectives that may not otherwise be possible if not in attendance. Many integral learning activities, including class discussions, laboratory experiments, field trips, direct instruction, and guest speakers cannot be simulated or replicated with bookwork. Therefore, the Seminole County Public Schools has adopted *attendance policies* for elementary, middle, and high schools to encourage honest, accurate, and consistent adherence by all students, parents, teachers, and administrators. These policies outline what qualifies as an excused absence and unexcused absence and provide guidelines for the make-up of work missed due to an absence.

Florida Statute 1003.21 establishes that regular school attendance is required of **ALL** students enrolled in public school. This statute also points out that only those students who have attained the age of 16 years and have filed a formal declaration of intent to terminate school enrollment are not subject to compulsory school attendance laws. The declaration to terminate school enrollment must be signed by both the student and the student's parent. This declaration requires the student and parent to acknowledge that terminating enrollment is likely to reduce the student's earning potential or career opportunities in the future.

Parents are responsible for the attendance of their children within the compulsory attendance age (Florida Statute 1003.24). Whenever a student of compulsory school attendance age is absent without the permission of the person in charge of the school, the parents of the student must, as soon as practical after learning of the absence, report and explain the cause of such absence to the appropriate school personnel.

Florida Statute 1003.27 provides that a parent or legal guardian who refuses or fails to have a child under his or her control attend school regularly, is subject to the charge of a second-degree misdemeanor, punishable as provided by law. A student who accumulates 15 or more unexcused absences within 90 days with or without the knowledge or consent of the student's parent shall be classified as a habitual truant. If a student becomes a

habitual truant, the school administration shall refer matters to the Legal Services Department. Thereafter, the Superintendent may file a truancy petition with the Circuit Court. The Superintendent also may choose to refer truancy matters to the State Attorney's Office for criminal prosecution of the parent.

Students who are married and students who are pregnant shall not be prohibited from attending school. These students and students who are parents shall receive the same educational instruction, or its equivalent, as other students, but may voluntarily be assigned to a class or program suited to their special needs. Consistent with Florida statute 1003.54, pregnant or parenting teens shall be entitled to participate in a teenage parent program. Pregnant students may attend alternative education programs or adult education programs, provided that the curriculum allows the student to continue to work toward a high school diploma.

Note: ALL students who do not attend school or who leave school without permission are subject to being detained by a local law enforcement officer and transported to the **Seminole Truancy Alternatives for Youth (S.T.A.Y.) Center** where they must remain until released directly into the custody of a parent or guardian.

ADMINISTERING STUDENT MEDICATION POLICY

Medication which is prescribed by a licensed health care provider with prescriptive authority may be administered to the student or self-administered by the student (when permitted) during the school day, including any occasion when the student is away from school property on official school business.

Prescription, non-prescription, and over-the-counter medication must be administered in accordance with the district policy for Administering Medication to Students.

All medication to be administered by school personnel or self-administered by a student will require completion of the appropriate authorization form.

ELECTRONIC RESOURCES ACCESS AND CONTROL

The *Student Technology Acceptable Use and Safety Policy (AUP) (SBSC Policy 7540.03)* provides, among other things, that the use of the district network, the Internet and other electronic resources relies heavily on the proper conduct of the users who must adhere to strict guidelines. If a student user violates any of the provisions, his/her access account be terminated, and future access will be denied. In addition, appropriate disciplinary actions will be taken which may include suspension, expulsion, or referral to law enforcement.

1. Usage

- a) The use of the account must comply with the educational goals and policies of SCPS.
- b) Use of any other network or computer resources must be consistent with the rules appropriate to that network. This includes but is not limited to laws and regulations regarding:

- (1) copyright material;
- (2) threatening, obscene, or profane materials;
- (3) material protected by trade secret.

2. The following are prohibited:

- a) Use of another individual's account or providing individual account information to another person.
- b) Use of the network for financial gain or for political or commercial activity.
- c) The attempt to send or sending anonymous messages of any kind or pretending to be someone else while sending a message.
- d) The attempt for actual action to access, modify, harm, or destroy another user's data on the SCPS network.
- e) Harassing, insulting, or attacking others via network communication.

3. Privileges

The use of electronic networks is a privilege. Inappropriate use will result in cancellation of that privilege and referral for disciplinary/legal action. Administrators will decide if usage is appropriate, and their decision is final.

4. Security

When a student identifies a security problem, he/she must notify a teacher, media specialist, or system administrator immediately, not show or identify the problem to others.

INVOLUNTARY TRANSFER OF STUDENTS

The Superintendent/Superintendent's designee may involuntarily transfer a student to a school or alternative program other than the student's zoned school when such placement is determined to further the interest of the School Board in maintaining a safe, orderly, and purposeful learning environment. A student who is repeatedly disruptive or who poses a threat to the health, safety, or welfare of others may be involuntarily assigned to an alternative program or school.

The School Board may, instead of an expulsion, assign a student to a school or an alternative program other than the student's zoned school when the recommendation of expulsion is a mandatory consequence for the violation of the Student Conduct and Discipline Code.

Students who have been suspended, expelled, or administratively assigned to the district alternative school or other alternative program are prohibited from coming on any district school campus, participating in any extracurricular event, or attending any event or activity sponsored by a school or the School Board for the duration of their suspension, expulsion, or disciplinary assignment, regardless of whether the assignment is an administrative assignment by the Superintendent/Superintendent's designee for an assignment in lieu of expulsion by the School Board. Students who violate this prohibition shall be deemed trespassers.

Students who are administratively assigned to a school other than their zoned school for violations of the *Student Conduct and Discipline Code*, or as the result of the imposition of a no contact order may only participate in activities or events at their assigned school, except as otherwise limited or prohibited by the Citizenship Standards for participation in school sponsored extracurricular activities.

A student who is administratively assigned to an alternative disciplinary school or program or a school other than the student's zoned school may request a review of the assignment by the School Board Hearing Officer. The assignment shall, however, be effective upon the termination of any suspension or if there is no suspension, immediately upon being made. Upon review, the School Board may take such action, as it deems appropriate.

<p>Note: State Board Rule 6A-1.0404 authorizes the use of a student's juvenile justice information and criminal record in conjunction with other relevant information for the purpose of reviewing a student's educational placement and need for services, and to protect the safety of other students and school personnel.</p>

REVOCATION OF VOLUNTARY TRANSFER

The voluntary transfer of a student from one school to another, pursuant to SBSC Policy 5120, may be revoked and the student returned to his/her zoned school of attendance if tardiness, unexcused absences, or behavior/discipline problems develop at the receiving school.

STUDENT APPEARANCE AND DRESS CODE

Seminole County Public Schools' dress code policy is intended to create a safe, orderly, professional atmosphere for all students regardless of gender, race, nationality, ethnicity, body type, socioeconomic circumstances, culture, or religion. This policy intends to ensure access to a safe, equitable education. Responsibility for the dress and appearance of students enrolled in the Seminole County Public Schools primarily rests with parents and the students. Some student apparel, however, may not be appropriate to wear to school, even though that same apparel may be appropriate to wear in other settings. The standards of appearance for students shall ensure that students are clean, neat, and properly dressed. They shall observe modes of dress and standards of personal grooming which are appropriate for the academic environment. It is the responsibility of the principal to see that

the dress appearance of any student shall not be extreme, to the point of creating a disturbance, or is hazardous to self, others, or school property, whether or not the specific case is covered by the information below.

The principal or principles designee has the final authority for interpreting whether a student's apparel/appearance conforms to the dress code.

To assist parents and students in making appropriate fashion and grooming decisions for school, the School Board has established the following minimal guidelines for the appearance and dress of **ALL** students:

- **Clothing Coverage:** Clothing must fully cover areas from one armpit to the other armpit, down to the thigh. Lower garments must completely cover the buttocks at all times. All tops must have shoulder straps, be long enough to cover the waistline, and must not expose the midriff or undergarments at any time. (See the diagram above for reference).
- **Transparent Clothing:** See-through or mesh garments must be worn with clothing over or under it and must meet the standard for clothing coverage (see the diagram on page 17 for reference).
- **Accessories:** Clothing, Jewelry, or accessories shall not convey messages that are: crude, vulgar/profane, violent/death-oriented, gang related, sexually suggestive, or promote alcohol, drugs, or tobacco. Jewelry or accessories that pose a safety concern for the students or others are not permitted.
- **Head:** Headwear must not impede the ability to see the student's face for identification purposes. Face coverings may be worn for medical, health, safety, and preventative measures only. Exceptions will be made for religious practice and/or school related events. Sunglasses are permitted to be worn on campus but must be removed upon entering all school buildings/classrooms.
- **Footwear:** All students shall wear shoes/footwear. Students must wear shoes that are safe and appropriate for the learning environment. Students must wear athletic shoes in all PE classes and/or outdoor activities. Students may be required to wear certain footwear for specific courses (for example: culinary, CTE, band, etc.) to ensure safety.
- **Personal Technology:** Due to school and safety concerns, personal technology (headphones, earbuds, and other accessories) is restricted to minimal volume, only to be heard by the user. When the user is in a common area of the school campus, one ear must remain free of the accessory at all times. Personal technology, including headphones and earbuds, is prohibited upon entry into the classroom unless permission is granted by the teacher. Exceptions to this rule may be granted by administration, faculty, or staff.

Note: Pursuant to Florida Statute 1006.07(2)(f), a student may not use a wireless communications device during instructional time, except when expressly directed by a teacher solely for educational purposes. A teacher shall designate an area for wireless communications devices during instructional time. Each school principal, in collaboration with staff, will develop procedures to address violations of the personal technology policy.

- **Application/Exceptions:** The dress code guidelines shall apply to all school days and ALL school activities (for example: sporting events, dances, field trips, and graduations). The principal or principal's designee may make exceptions to the dress code for special school events.

All schools have the option of adopting a standard dress code (uniform) when developed and agreed upon in collaboration with their School Advisory Council. Schools that adopt a standard dress code should include the following: Colored shirts sleeves, khaki or dark pants/shorts/skorts, defined shirt colors (e.g., school colors).

Note: Consequences for wearing clothing that exposes underwear or body parts in an indecent or vulgar manner or that disrupts the orderly learning environment:

1. For the first offense, a student shall be given a verbal warning and the school principal/designee shall call the student's parent or guardian.
2. For the second offense, the student shall receive a detention, or its equivalent, and the school principal/designee shall call the student's parent or guardian.
3. For the third offense, the student shall receive a Saturday School, or its equivalent and the school principal/designee shall call the student's parent or guardian.
4. For the 4th or subsequent offense, the student shall receive an in-school suspension, or its equivalent, pursuant to s.1003.014 (5) for a period not to exceed three (3) days.

RULES OF CONDUCT – TRANSPORTATION

Florida Statute 1006.10 gives school bus drivers the authority to monitor and control the behavior of students when they are on a school bus, when they are being transported to and from school or school functions at public expense, or when a school bus is present at a bus stop.

Video Cameras on Buses: Video cameras with audio recording capability have been installed on all Seminole County Public School Buses. Students may be filmed at any time during their ride. The tapes may be utilized to determine violations of the Student Conduct and Discipline Code. Violations of these standards, the *Student Conduct and Discipline Code*, or any action or behavior by a student(s) to distract the driver substantially and causes or has the potential to cause a safety hazard on a moving bus, or while stationary, may be the basis for suspension from bus/school and/or expulsion of bus riding privileges.

Standards of Conduct for Riding a School Bus: Student conduct that distracts the driver, endangers the health and safety of other students, or demonstrates a willful disregard for posted transportation rules shall be reported to the principal or principal's designee.

The following rules of conduct apply to students when the bus is present at the bus stop and when they are being transported on a school bus:

1. Students must be the bus stop on time. The bus driver cannot wait for those who are tardy.
2. Students are to stand at least five (5) feet off the roadway at all times while waiting for the bus.
3. A student's parents have responsibility for the control and direction of the student at the bus stop.
4. Students must ride their assigned buses and cannot board or depart the bus at any stop other than their regular stop, unless authorized by the principal/designee.
5. Students are to enter the bus in orderly manner and sit in an assigned seat if divided by the bus driver or by the school administration.

6. Students must obey their driver, monitors, and chaperones at all times and follow the posted rules of conduct while riding the school bus.
7. Students are to remain seated, facing forward at all times when the bus is moving. All portions of a student's body are to remain inside the bus. Students are required to wear seat belts in buses equipped with passenger restraint systems.
8. Eating or drinking is not permitted on the bus.
9. Glass or breakable containers are not permitted on the bus.
10. Reptiles, insects, animals, or marine life are not permitted to be transported on the bus.
11. Absolute silence is required of students at railroad crossings.
12. Bulky or objectional projects, including musical instruments, that cannot be held in the student's lap are not permitted on the bus. No objects may block the aisles or emergency exits.
13. No items are to be thrown or propelled out of the bus windows. (Behavior that violates this rule/exception may be classified as a felony. The student and the parent/guardian shall be held responsible for any damages that result from such an act.
14. Littering, throwing, or propelling of objects inside the bus is not permitted.
15. Defacing or vandalizing a school bus is forbidden. Restitution will be required.
16. Profanity, obscene language, offensive gestures, or offensive materials of any nature are not permitted on the bus.
17. Posters or signs are not to be displayed from the bus.
18. After disembarking, those students who must cross the road shall cross approximately twelve (12) feet in front of the stopped bus.

Bus Probation: Violation of transportation policies, rules, or standards of conduct committed while on the school bus may be grounds for placing a student on probationary status for an indefinite period of time. Violation of the conditions of probation is grounds for bus suspension, or other sanctions, up to and including, out-of-school suspension and expulsion if warranted.

Bus Suspension: Violation of transportation policies, rules or standards of conduct committed while on the school bus may be grounds for suspension of bus riding privileges for a period of time not to exceed ten (10) school days per occurrence. However, the consequences for such violations are **not limited** to the suspension of bus riding privileges. Other sanctions, up to and including, out-of-school suspension and expulsion may be imposed if warranted.

Bus Expulsion: Repeated violation, or a single serious violation, of transportation policies, rules or standards of conduct **committed** while on the school bus may be grounds for the revocation of a student's bus riding privileges by the principal for a period of time up to the remainder of the school year, the intervening summer school, and the following school year. However, the consequences for such violations **are not limited** to revocation of bus riding privileges. Other sanctions, up to and including out-of-school suspension and expulsion from school may be imposed if warranted.

PARKING ON CAMPUS

The parking of a student's vehicle on campus is a privilege that is granted by the School Board that may be conditional upon the purchase of a parking decal from the school of attendance. Students parking vehicles on campus without authorization or who repeatedly violate campus-parking rules may have their parking decal revoked and/or their vehicle towed at the owner's expense. The presence of a vehicle on School Board property pursuant to a parking decal is deemed to be consent by the student to a search of the vehicle. Each student who parks a vehicle on a school campus pursuant to a parking decal is presumed to know what is contained in his/her vehicle and will be held accountable for any contraband, weapons, drugs, etc., which may be found in the vehicle.

Vehicles parked on School Board property (without an appropriate authorized parking decal) by a student are subject to search if school personnel have reasonable suspicion that illegal, prohibited, harmful items or substances, or stolen property may be contained therein. Each student who parks a vehicle on a school campus is presumed to know what is contained in his/her vehicle and will be held accountable for any contraband, weapons, drugs, etc., which may be found in the vehicle.

SUSPENSION

Suspension is the temporary removal of a student from a class, all classes, or from a student's zoned school and all district schools and school or school board sponsored activities, except as authorized by a student's principal for a prescribed period of time, not to exceed ten (10) school days at any one time.

When a student is suspended, the principal or the principal's designee shall make a good faith effort to inform a student's parent(s) *immediately* by telephone of the student's suspension and the reasons for the suspension. The reasons for the suspension shall be reported in writing within *24 hours* to the student's parents by U.S. mail or in person.

Except when taken into custody by law enforcement officials, the student will be remanded to the custody of the parent with specific homework assignments for the student to complete.

Note: Florida Statute 1006.09 provides that no student may be suspended out-of-school for unexcused tardies, lateness, absences, or truancy.

Note: Only a principal or the principal's designee may suspend a student.

Note: Upon issuance of an in-school or out-of-school suspension, the parent/guardian will receive an electronic notification via the Skyward Family Access portal.

Student Excluded from School and School Activities: Throughout the duration of an out-of-school suspension, the student may not come onto School Board owned property. The student is also prohibited from attending athletic events, extracurricular activities, or any other school related functions until the suspension is completed.

Parent Notification: When a student is suspended, the principal or the principal's designee shall make a good faith effort to inform the student's parent or guardian immediately by telephone of the reason(s) for the student's suspension. When telephone contact is made with the parent, then a copy of the suspension papers related to the offense shall be mailed within 24 hours. Following a conference, a copy of the suspension papers may be given directly to the parent. If the principal or the principal's designee is unable to contact the parent, then the suspension papers related to the offense shall be sent by certified mail to the parent's most current address on record at the school.

Guidelines for Suspensions: The principal or the principal's designee may suspend a student for a period of time not to exceed ten (10) school days at any one time. Before a suspension is imposed on a student, except in emergencies, the student shall be provided an:

1. explanation of which provision(s) of the Student Conduct and Discipline Code was/were violated;
2. explanation of the specific conduct that constituted the violation(s);
3. explanation of the factual basis for the suspension;
4. opportunity to present his/her version of the offense;
5. opportunity to identify witnesses who support the student's version of the offense, and the identified students will be interviewed by the disciplining administrator;
6. explanation of the rationale for the suspension.

Note: A suspension conference is not a formal legal proceeding and is not required to be conducted in accordance with rules of procedure normally associated with an administrative hearing under ss.120.57, Florida Stat. or a court proceeding. Students do not have the right to cross-examine witnesses or to have legal representation at a suspension conference. However, if the conduct underlying a suspension results in a recommendation for expulsion, the student shall be entitled to the full procedural safeguards associated with an expulsion.

Immediate Suspension: The principal may immediately suspend a student out-of-school if he/she has committed any of the following acts:

1. physically assaulting another individual;
2. engaging in behavior, posing an immediate danger to students or staff members; or

3. creating an immediate disruption of the orderly operation of the school.

Note: Before a student is suspended immediately from school, the student shall be given either oral or written notice of the allegation(s), an explanation of the allegation(s), and an opportunity to explain his/her version of the offense.

Provision for Academic Make-Up Work: Students are permitted to make up, for full credit, any academic work missed during the term of a student's first or second out-of-school suspension. Missed class assignments, homework, quizzes, tests, and exams shall be made-up in a timely manner for the student to receive full credit. However, the absences will be coded as a suspension.

Note: It is the student's responsibility to make specific arrangements with each teacher for completing make-up work. At a minimum, the student shall have the number of days he/she was absent to complete and hand in make-up work for credit. A zero will be assigned for any work not made up in a timely manner.

Extension of the Duration of Out-of-School Suspension: Florida Statute 1006.08 permits the Superintendent to extend a suspension beyond ten (10) school days if such suspension expires before the next regular or special school board meeting following the tenth day of a suspension if the student is being recommended for expulsion. Alternatively, the Superintendent or the superintendent's designee may assign a student to the district alternative school or other alternative program pending the completion of any expulsion hearing and entry of any final order of expulsion by the School Board.

Suspension for Criminal/Delinquent Acts Occurring Off Campus: The Florida Legislature has authorized indefinite suspension and expulsion of students who engage in criminal/delinquent acts off-campus which cause the student's presence on campus to be disruptive to the maintenance of good order and discipline at school. Florida Statute 1006.09 permits the principal to initiate suspension proceedings against any student who is formally charged by a proper prosecuting attorney with a felony, or with a delinquent act which would be a felony if committed by an adult, for an offense that allegedly occurred on property other than that owned by Seminole County Public Schools.

Upon receipt of notice that a student has been formally charged with a felony, or with a delinquent act which would be a felony if committed by an adult, the principal shall conduct a suspension conference for the purpose of determining whether or not the student shall be assigned. to the Eugene Gregory/Consequence Alternative Unit pending court determination of whether the student did or did not commit such an act, or dismissal of the charges by the court or prosecuting attorney. The alternative assignment may be implemented upon receipt of notice of the filing of formal charges (Petition for Delinquency in Juvenile Court, Information or Indictment in the Circuit Court or Indictment in the U.S. District Court) pending conduct of the required due process conference and statutory determination that the alternative placement shall continue pending the outcome of the formal charges. All proceedings under this provision shall comply with Fla. Admin. Code R. 6A-1.0956.

Fla. Admin. Code R. 6A-10956 requires that, the principal shall:

1. Immediately notify, in writing, the student and the parent(s) of the specific charge(s) against the student and of their right to a suspension conference at the school.
2. Provide a notice of a suspension conference stipulating a date for the hearing which shall not be less than two (2) school days and no more than five (5) school days from the postmarked date, or delivery, of the notification. The notification must advise the parent of the conditions under which a waiver of suspension may be granted.
3. Pending such conference, the student may be **temporarily assigned** to the Eugene Gregory/Consequence Alternative Unit if the principal is concerned that the presence of the student on campus will have a disruptive influence on the orderly operation of the school.
4. Conduct a school site conference that may be attended by the student, the parent(s), the student's representative or counsel, and any witnesses requested by the student or the principal.

5. Allow the student to speak in his/her own behalf, present evidence indicating his/her eligibility for a waiver of disciplinary action and be questioned regarding his/her testimony.
6. Make a determination as to whether the presence of the student on campus would have an adverse impact on the educational program, discipline, or welfare of the school.
7. Provide the student and the parent with written notification of the decision as to whether or not the student will be **indefinitely assigned** to the Eugene Gregory/Consequence Alternative Unit pending the legal resolution of the formal charge.
8. Make provisions for the delivery of educational services to the student during the time of suspension (assignment to the Eugene Gregory/Consequence Alternative Unit).

Upon a judicial determination that the student committed the act or acts with which he/she is charged, the principal/superintendent may administratively assign the student to Eugene Gregory Memorial Youth Academy for a period of time not to exceed the remainder of the current term and one (1) additional year from the time of adjudication or recommend to the school board that the student be expelled. The School Board may only expel the student for the maximum time permitted by a law.

*****Suspension of Exceptional Education Students:** The required due process guidelines for suspension of students with a disability or otherwise entitled to be treated as a student with a disability under 20 U.S.C. §1415, §1003.57, Fla. Stat., are set forth in Fla. Admin. Code Rule 6A-6.03312 (IDEA) and in the *Exceptional Student Education Policies and Procedures (SP&P)*.

*****Suspension of Students with a Section 504 Plan or Subject to Be Treated As a Student With a Disability Under Section 504:** The required due process guidelines for suspension of students with a disability or students otherwise entitled to be treated as a student with a disability under § 504 of the Rehabilitation Act of 1973, 29 U.S.C. § 795 are set forth in the *Seminole County Public Schools Policies and Procedures for Implementation of Section 504 Handbook*.

***** Previous Student Assignment to a District Alternative School:** Students who have previously been assigned to a District Alternative School and have committed an infraction outlined in the Student Conduct and Discipline Code that results in an alternative assignment may, with the approval of the Director of Alternative Programs, be assigned to the Eugene Gregory Memorial Youth Academy.

In-School Suspension: In-School Suspension is an alternative to out-of-school suspension that prevents a student from attending all or some classes for up to the (10) school days at one time. During the period of an In-School Suspension, the student is assigned to a self-contained alternative classroom.

DISCIPLINE OF STUDENTS WITH DISABILITIES

The Board shall abide by Federal and State Laws regarding suspension, expulsion, alternative placement, and discipline of students with disabilities (SWD). A student with a disability (SWD) is any Exceptional Student Education (ESE) student, non-inclusive of Gifted only students, or a student with a 504 plan. Students who are suspected to have a disability are also protected as described below.

The purpose of a Manifestation Determination Meeting (MDM) is to determine whether the conduct was caused by or had a direct and substantial relationship to the child's disability; or if the student's conduct was the direct result of the Local Education Agency's (LEA) failure to implement the student's Individual Education Plan (IEP) or 504 plan.

A Manifestation Determination Meeting (MDM) must be held within ten (10) school days of any significant change to the educational placement of a SWD that is the result of a violation of the Student Code of Conduct. A significant change of placement includes any removal of more than ten (10) consecutive days, a series of removals totaling more than ten (10) or a pattern of removals based on substantially similar behaviors within a school year.

A Manifestation Determination Meeting (MDM) will be held prior to any change of educational placement or disciplinary reassignment for all SWD. If the behavior of a SWD is found not to be a manifestation of their disability, then the SWD may be disciplined to the same extent as their non-disabled peers.

To the extent that the recommended discipline for a SWD (whose behavior was determined not to be a manifestation of their disability or the direct result of a failure to implement an IEP or 504 plan at an MDM) is disciplinary reassignment, then a disciplinary reassignment hearing will be afforded to the student.

Interim Alternative Education Setting (IAES)

School personnel may remove a SWD to an IAES for not more than forty-five (45) school days without regard to the whether the behavior is determined to be a manifestation of the student's disability, if the student:

- Carries a weapon to or possesses a weapon at a school, on school premises, or to a school function under the jurisdiction of a state education agency or a school district.
- Knowingly possesses or uses illegal drugs or solicits the sale of a controlled substance, while at a school, on school premises, or at a school function under the jurisdiction of a state education agency or a school district.
- Has inflicted serious bodily injury upon another person while at school, on school premises, or at a school function under the jurisdiction of a state education agency or school district.

More serious bodily injury involves a substantial risk of death; extreme physical pain; protracted and obvious disfigurement or protracted loss or impairment of the function of a bodily member, organ, or mental faculty. (18 USC 1365 (h)(3))

ADMINISTRATIVE ASSIGNMENT

A student found to have committed one or more violations of the *Student Conduct and Discipline Code*, which, according to the Discipline Matrix of the *Seminole County Public Schools Student Conduct and Discipline Code*, is punishable by an alternative placement and may be assigned by the Principal or the Principal's designee to Journeys Academy or other alternative programs as deemed appropriate for a period not to exceed two (2) school years (4 semesters). Additionally, a student who has previously been assigned to Journeys Academy and has committed an infraction outlined in the Student Conduct and Discipline Code that results in an alternative assignment may be alternatively assigned to Eugene Gregory Memorial Youth Academy with the approval of the Director of Alternative Programs. A student who commits a SESIR infraction as outlined in the Student Conduct and Discipline Code may be assigned to the Eugene Gregory Memorial Youth Academy.

The Superintendent reserves the right to extend a student's administrative assignment to the district alternative school or other alternative program as deemed appropriate for a period not to exceed one additional semester if the student does not meet transition requirements. The staff will provide the student/parent with an orientation to the alternative program and the transition requirements will be provided in writing at the time of the orientation. Students assigned to an alternative school, but who fail to attend the district alternative program and enroll in school in another district, private school, home school or charter school, must apply for reentry to his/her zoned school through the Department of Alternative Programs. The student's records of school attendance, school performance and behavior will be reviewed to determine placement. The Superintendent reserves the right to reassign the student to the district alternative school or other district alternative program for up to and including the length of time of the original assignment.

A student attending an out-of-zone school on the basis of a voluntary transfer (limited family/program transfer, capacity transfer, diversity transfer, incentive transfer, controlled open enrollment student) or on the basis of an administrative assignment, to the extent permitted by law (NCLB, IDEA, or No Contact Order), who is expelled or placed at the district alternative school or another district alternative disciplinary program shall be reassigned to the student's zoned school upon completion of the students term of assignment to the district alternative school or other district alternative program.

ASSIGNMENT TO ALTERNATIVE EDUCATION PROGRAMS

In accordance with s.1, Art. IX of the State Constitution, all K-12 public school students are entitled to a uniform, safe, secure, efficient, and high-quality system of education, one that allows students the opportunity to obtain a high-quality education. Students violating the Student Conduct and Discipline Code are subject to assignment to an alternative educational program or expulsion from SCPS based upon the severity and/or frequency of offense(s). (Refer to Matrices)

Alternative education program assignments are a second chance opportunity for students that violate the Student Conduct and Discipline Code to the degree that the student's actions interfere with the safe and orderly operation of the school and/or school transportation. This is an interim assignment during which the student will have the opportunity to address academic deficits, attendance concerns, and discipline infractions that interfere with the student's learning. (1003.53)

For students with an IEP, a manifestation determination review (MDR) must be held prior to placement at the alternative education programs. The alternative education programs adhere to the requirements of the student's IEP necessary for the student's continued receipt of a FAPE and access to the program.

Grades K-5:

Students assigned to the Alternative Education Program at Journeys Academy (JA) while in elementary school will be provided a second chance opportunity to get back on track in academics and behavior. Students will attend school at Journeys Academy, in the elementary classroom, every day school is in session. While in attendance, students have access to core content aligned with state standards, behavioral and mental health resources, and intervention support. In addition, students in need of ESE services will be provided services and supports in alignment with their IEP.

While the elementary program is housed on the same campus as the secondary campus, students are maintained in a separate location and isolated away from their secondary peers. In addition, for those students that qualify, separate transportation is provided to elementary students. Students are provided with separate arrival and dismissal procedures, away from their secondary peers.

Students violating the Student Conduct and Discipline Code while attending the alternative education program are subject to an extension of their assignment for an additional semester. For any student that is struggling with the expectation for re-entry, a team meeting will be called with the family to establish a plan for success. It is the goal of Alternative Programs to work closely with students and families to set students up for a successful transition back to their zoned school.

Grades 6-12:

Students assigned to the Alternative Education Program at Journeys Academy (JA), or Eugene Gregory Memorial Youth Academy (EGMYA) will be provided a second chance opportunity to get back on track both in academics and behavior. Students will attend school at the assigned alternative education program every day school is in session. While in attendance, students have access to core content aligned with state standards, behavioral and mental health resources, interventions, and credit recovery opportunity. In addition, students in need of ESE services will be provided services and supports in alignment with their IEP. It is the goal of Alternative Programs to work closely with students and families to set students up for a successful transition back to their zoned school.

Students violating the Student Conduct and Discipline Code while attending the alternative education program may be subject to a recommendation of a placement in the blended learning opportunity and/or expulsion. Students who continue to violate the Student Conduct and Discipline Code while attending the alternative education program may be provided instruction through a blended learning opportunity consisting of both traditional classroom direct instruction and an online digital learning platform (1003.498, F.S). Students will be scheduled for blended learning by the Director of Alternative Programs or designee.

Digital platform learning is customized to the needs of the student. Students must demonstrate competency in completed coursework. **Students failing to log on to the digital platform or failing to make academic progress, will be expected to meet with the administrative team to create a plan to get back on track. Students who continue to fail to participate in academic work or who violate the Student Conduct and Discipline Code, while on campus, may face expulsion or extension of alternative assignment for an additional semester.**

A student attending an out-of-zone school on the basis of a voluntary transfer (limited family/program transfer, capacity transfer, diversity transfer, controlled open enrollment student) or on the basis of an administrative assignment to the extent permitted by law (NCLB, IDEA, or No Contact Order), who was expelled or placed at the district alternative school or another district alternative disciplinary program shall be reassigned to the

student's zoned school upon completion of the student's term of assignment to the district alternative education program of other district alternative program.

Transportation: Students living within two miles of JA or EGMYA will walk to and from school. Students living farther than two (2) miles will be assigned a bus depot spot not exceeding 1.5 miles from the home to the depot spot.

6A-3.001 Basic Principles for Transportation of Students. (3) A reasonable walking distance for any student who is not otherwise eligible for transportation pursuant to section 1011.68, Florida Statutes, is any distance not more than two (2) miles between the home and school or one and one-half (1 ½) miles between the home and the assigned bus stop.

EXPULSION

Expulsion is the severest penalty the School Board may impose for a violation of the *Student Conduct and Discipline Code*. Expulsion is the removal of the right and obligation of a student to attend public school for a specified period of time, not to exceed the current school year, the following school year, and any intervening summer school. Expelled students are fully excluded and prohibited from attending any Seminole County Public School, any school or School Board sponsored activity, or coming upon the grounds of any school, until the term of the expulsion is completed.

A principal will recommend expulsion for a student who has previously, at each level, been assigned to the district alternative program and commits an infraction that would otherwise result in an assignment to the district alternative program.

Recommendations for expulsion shall be processed in accordance with the procedures adopted by the School Board and prescribed by law and administrative regulations of the State of Florida, for student expulsions.

*****Expulsion Recommendations for Exceptional Education Students:** The required due process guidelines for the expulsion of a student with a disability or otherwise entitled to be treated as a student with a disability under 20 U.S.C. § 1415, § 1003.57, Fla Stat. or Fla. Admin. Code Rule 6-6.03312 (IDEA), are set forth in *Exceptional Student Education Policies and Procedures (SP&P)*.

***** Expulsion of students with a Section 504 plan or subject to be treated as a student with a disability under section 504:** The required due process for expulsion of students with a disability or otherwise entitled to be treated as a student with a disability under § 504 of the Rehabilitation Act of 1973, 29 U.S.C. § 795, are set forth in the *Seminole County Public Schools Policies and Procedures for Implementation of Section 504 Handbook*.

Guidelines for Expulsions: Florida Statute 1006.09 states that the principal may recommend to the Superintendent the expulsion of any student who has committed a serious breach of conduct, as set forth in the *Student Conduct and Discipline Code*, including, but not limited to, willful disobedience, open defiance of a school staff member, violence against persons or property, any other act which substantially disrupts the orderly conduct of the school, or violations of the **Zero Tolerance** policy. All offences for which a student may be expelled are identified in the *Matrix of Infractions* as set forth in the Code or the Zero Tolerance provision therein contained.

The procedures outlined in this section shall be followed when a student is recommended for expulsion.

1. The principal/designee shall conduct a pre-suspension conference with the student as required prior to a student's suspension.
2. The principal/designee shall schedule a pre-expulsion conference with the parent(s) or the student (if majority age).
3. At the pre-expulsion conference, the principal/designee shall review the basis and rationale for the preliminary recommendation for expulsion and advise the student and the parent of the preliminary recommendation for expulsion that will be forwarded to the Superintendent/designee. Pursuant to Florida Statute Section 1002.20(21)(a), the parent may be accompanied by another adult of their choice such as an attorney, an advocate, etc., at the pre-expulsion conference.

4. The student and parent(s) will be advised that the recommendation for expulsion will be scheduled for a preliminary hearing before a school board member sitting as an administrative hearing officer and that at that time the hearing officer will determine if the student admits the misconduct or denies the misconduct. If the student admits the misconduct, the hearing officer shall conduct an informal hearing pursuant to state statute 120.57(2) and determine what penalty to recommend to the School Board. If the student denies the misconduct, the matter will be scheduled for a formal hearing pursuant to state statute 120.57(1). The student and parent(s) will be noticed as to the formal hearing as required by law. The student will be assigned to the district alternative school or will remain at the district alternative school pending any hearing and the entry of any final order by the school board.
5. A student has the right to be represented by legal counsel, or any other qualified person during the process discussed in subsection four (4) above.
6. The nature of the offense, the severity of the infraction, and the student's previous record of discipline shall be considered by the principal when making this recommendation. A student shall be recommended for expulsion for any violation of the code that requires a mandatory recommendation or for any "zero tolerance offense." The School Board member hearing officer may recommend any penalty that it deems appropriate upon the facts of the case and the School Board may impose any penalty that it deems appropriate upon the facts of the case, upon recommendation of the referring principal or designee or upon its own determination. Alternatives to Expulsion: A student who is being recommended for expulsion may be assigned by the School Board Hearing Officer to the district alternative school or other alternative programs.

When a student is assigned to the district alternative school or other alternative programs, in lieu of expulsion, the School Board reserves the right to extend the term of the student's assignment for a minimum of one semester or revoke the assignment and impose an expulsion for the maximum period permitted by law for the following:

1. Failure of the student to attain and maintain a 90% attendance record, except for bona fide excused absences.

CITIZENSHIP STANDARDS FOR PARTICIPATION IN SCHOOL SPONSORED EXTRA-CURRICULAR ACTIVITIES

SECTION 1. INTRODUCTION AND PURPOSE

A. Introduction

Participation in a school sponsored extra-curricular activity or a sport is a privilege. These activities are important components of our total educational program. Successful participation in school sponsored extra-curricular activities requires a higher level of commitment, energy, and maturity.

It is the goal of Seminole County Public Schools to expect a higher standard of excellence from students involved in these activities. Participating students represent our schools in our neighborhoods, our communities, our state, and often our nation. The standard of behavior should be one that exhibits pride, politeness, and responsibility.

Parents and students should seriously discuss the impact of the extra time, energy, and maturity required to participate in these activities and the strict eligibility rules a student must follow to remain qualified for such activities.

B. Purpose

1. To provide minimum citizenship standards among all Seminole County Secondary Schools for continued participation in school sponsored extra-curricular activities.
2. To instill in each student a sense of responsibility to conduct himself/herself as a positive role model.
3. To encourage the growth of good citizenship among participants in school sponsored extra-curricular activities.
4. To delineate the sanctions that will be imposed for violation of this policy.

SECTION 2. APPLICABILITY

These standards apply to all students participating in School Board approved extra-curricular activities sponsored by the school. Furthermore, these standards apply 24 hours a day for the duration of an activity season. An activity season is considered to be that span of time that commences with the first group/team meeting or tryouts, and runs through any pre-season or regular season practices, competition, or activities, and concludes with any post-season or state qualifying play or culminating activity.

SECTION 3. PROCESSING REPORTS OF VIOLATIONS

Reports of alleged violations of the Citizenship Standards for Participation shall be made to the principal or his/her designee. The principal or his/her designee shall conduct an investigation to determine the validity of any allegations. If it is determined that it is very reasonable to believe a violation has occurred, the student and his/her parent shall be notified of the alleged violation, of the possibility of extracurricular sanctions, and of a right to an informal hearing where evidence may be presented.

A hearing must be requested within seven (7) calendar days of the date of the notification by the principal or his/her designee of the violations. If a hearing is requested, the principal or his/her designee shall conduct one within seven (7) calendar days of receipt of the hearing request. If no hearing is requested, or the hearing request is received after the deadline, the principal or his/her designee shall make a determination whether or not a sanction should be imposed.

Hearings shall be conducted in a manner that affords a student(s) with a full opportunity to present his/her/their version of the offense. However, these hearings are not formal legal proceedings and are not required to be conducted in accordance with the rules or procedure normally associated with formal administrative hearings or court proceedings. The decision of the principal is final and is not subject to appeal. If it is determined that a student did commit a violation of the Citizenship Standards Policy, the sanctions shall be imposed immediately.

SECTION 4. SANCTIONS

A. Suspension from Participation in Events

Students found to have violated the Citizenship Standards Policy shall be suspended from participation in extra-curricular events in accordance with the sanctions outlined in the **Summary Table of Infractions and Consequences**. The sanctions outlined in this policy established the minimum disciplinary sanction a coach or sponsor shall take in responding to a violation of the Citizenship Standards Policy. Coaches and sponsors have the authority to increase the duration of suspension from participation in extra-curricular events for any violation of this policy.

Students suspended from participation shall not be permitted to participate in any event-related activities, dress out for the event, or travel to the event with the team or group. An event is defined as a game, activity, or contest.

When School Board Policy permits, and with permission of the school administration, students under suspension from participation may participate in tryouts, practices, or meetings while waiting for a sanction to be completed. However, the school administration may prohibit students from participating in tryouts, practices, or meetings when they deem such action is appropriate.

It is beyond the scope of this policy to identify every possible action on the part of a student that may be deemed as undesirable by a coach or sponsor. Therefore, coaches and sponsors may impose appropriate disciplinary consequences for acts not specifically identified in the **Summary Table of Infractions and Consequences**. Furthermore, nothing in this policy shall prohibit coaches or sponsors from dismissing or removing a student from a team or group (pending administrative approval) when they conclude such action is warranted.

B. Imposing Sanctions

Sanctions shall remain in effect until they are completed. This may require sanctions assigned as a consequence for a violation of the Citizenship Standards Policy be completed during an activity season that is different from the activity that was in effect when the violation occurred. When necessary, the balance of any unfulfilled sanction shall be completed in the following school year in which the student is enrolled.

Students suspended for a **first-time tobacco violation**, as defined by the Citizenship Standards Policy may be given the opportunity to reduce the number of suspended by up to one half. Students are eligible for this consideration only if they document to the principal completion of a tobacco or smoking cessation class or a tobacco education class that is approved by the school principal.

Students may be given the opportunity to reduce up to one half (1/2) the number of events they are to be suspended from for a **first-time drug or alcohol related violation** of the Citizenship Centers Policy. Students are eligible for this consideration only if they comply with the principal's requirements for a drug/alcohol assessment from a licensed drug/alcohol counselor and they follow any recommendations made by the counselor.

If a student (18 years or older) or the parent(s) of a minor student object to the release of subpoenaed records, the student and/or parent must obtain an order to the contrary from a court of competent jurisdiction. The School Board also forbids the harassment of other persons through the use of offensive or inflammatory words, symbols, gestures, or physical conduct that belittle, demean, disparage, mock, or ridicule another person.

Procedures: Any student who believes he/she has been discriminated against or has been harassed by another student, employee, or non-employee (volunteer) may use the student grievance procedures or may complain directly to the building **principal** or the District's Educational **Equity Coordinator**. The filing of a complaint or otherwise reporting discrimination or harassment will not affect a student's status, extracurricular activities, future grades, or homework assignments.

The right to confidentiality, both of the complainant and of the accused, will be respected, consistent with the School Board's legal obligations and with the necessity to investigate allegations of misconduct and take corrective action when conduct has occurred.

In determining whether alleged conduct constitutes sexual/racial harassment, the totality of the circumstances, the nature of the conduct, and the context in which the alleged conduct occurred will be investigated. The Superintendent or designee has the responsibility of investigating and resolving complaints of sexual/racial harassment.

- (3) The right to request the amendment of the student’s education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student’s privacy rights under FERPA.

Parents or eligible students who wish to ask the School to amend a record should write the School principal, or appropriate school official, clearly identify the part of the record they want changed, and specify why it should be changed. If the School decides not to amend the record as questioned by the parent or eligible student, the School will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

- (4) The right to privacy of personally identifiable information in the student’s education records, except to the extent that FERPA and state law authorizes disclosure without consent.

One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. The criteria for determining who constitutes a school official and what constitutes a legitimate educational interest must be set forth in the school’s or school district’s annual notification for FERPA rights. A school official typically includes a person employed by the school or school district as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a person serving on the school board. A school official may also include a volunteer, vendor, contractor, or consultant who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own employees and who has agreed in writing to provide sufficient data. Privacy protections for student data and is under the direct control of the school with respect to the use and maintenance of PII from education records. Such as an attorney auditor medical consultant or therapist a parent or student volunteering to serve on an official committee such as a disciplinary or grievance committee or a parent student or other volunteer assisting another school official in performing his or her tasks. A school official typically has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the School discloses education records without consent to officials of another school district and/or an institution of postsecondary education in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student’s enrollment or transfer.

- (5) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the School to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

MATRIX OF INFRACTIONS AND CONSEQUENCES FOR SESIR VIOLATIONS

The minimum allowable consequence for a SESIR infraction is In-School Suspension. As with non-SESIR infractions the principal or the principal’s designee may assign consequences for a SESIR infraction in addition to or in excess of In-School Suspension based on factors such as nature of the infraction, the student’s past disciplinary record, the student’s age and grade level, and the severity of the problem as it exists in that particular school.

Note: SESIR incidents are classified in a rank order levels from Level I to Level IV (Level I incidents are the most serious and Level IV incidents are the least serious). The rank order levels determine which incident must be reported when more than one incident occurs during a single episode. The rank order level is listed beside each SESIR infraction in the discipline matrix below.

Developmentally age-appropriate behavior or disability cannot be considered for the purposes of SESIR reporting; however, these factors are to be considered when determining disciplinary action. All SESIR incidents must be recorded on the SCPS 835DOE Form (SESIR Discipline Referral) and reported to the FLDOE, even if no disciplinary action is taken.

Mandatory Consequences are indicated by (M), and Optional Consequences are indicated by (O).

NOTE: All unsubstantiated bullying (UBL) and unsubstantiated (UHR) reports MUST be reported to SESIR. In Skyward, please use the Unknown Perpetrator choice and code the report as either UBL or UHR. These do not generate discipline referral and are not attached to a student but do generate an offense number.

- * Will also require a referral for mental health services.
- **Students will be assigned to Journeys or may be assigned to Eugene Gregory Memorial Youth Academy.
- ***The only exception to the required disciplinary sanction(s) is for a Tobacco offense. The principal or principal's designee may determine that it is appropriate to offer students the opportunity to participate in a voluntary tobacco education course in lieu of suspension for a Tobacco offense.
- ****Upon referral to law enforcement and after consideration of factors such as nature and severity of the infraction, the student's past disciplinary record, the student's attitude including expression of remorse and truthfulness during the investigation, and the student's age and grade level, the principal or the principal's designee may recommend to law enforcement that a student who commits a criminal offense be allowed to participate in a law enforcement based civil citation or similar prearrest diversion program as an alternative to arrest or expulsion. Notwithstanding, law enforcement will make the final decision whether to refer a student to civil citation or similar prearrest diversion program.

MATRIX OF INFRACTIONS AND CONSEQUENCES FOR NON-SESIR VIOLATIONS

The *Matrix of Infractions and Consequences* specifically identifies prohibited student conduct and lists the range of consequences that may be imposed for each infraction. When assigning a consequence, or a combination of consequences for misconduct, the principal or the principal’s designee shall give consideration to factors such as **the nature of the infraction**, the students **past disciplinary record**, the student’s **attitude**, the student’s **age and grade level**, and the **severity of the problem** as it exists in that particular school.

Note: SED center schools have the option of modifying consequences for inappropriate behavior considered to be an infraction of the *Student Conduct and Discipline Code*. The principal, in consultation with the Assistant Superintendent of Student Support Services or designee, shall determine the appropriate consequence to assign for an infraction.

Mandatory Consequences are indicated by (M) and Optional Consequences are indicated by (O).
